Will

Good evening, I have received your MC-20 Technical Proposals.

Your contractors are invited to present their Technical Proposals to TEC, USCG, BSEE, and NOAA on Thursday, November 8th. Your contractors will have 40 minutes each for their presentation and 20 each minutes for questions.

Your first contractor presentation will begin at 0900. Your second contractor presentation will begin at 1015. The presentation location is the BSEE New Orleans District-Technology Services Division, 4th Floor Conference Room, 800 W. Commerce Road, New Orleans, LA 70123.

Please provide the following information: Name of personnel that will be presenting your projects. I need to include them on facility access list.

Unfortunately, under the Procurement Integrity Act, Title 41 USC 423, I am unable to provide our Federal presentations to you. I am also unable to release the names of the companies providing presentations to the Federal government. I can offer that the USCG request for proposals was sent out to our 104 BOA Contractors, and that this law does not preclude you from talking to our contractors should they choose to reach out to you.

Kind Regards

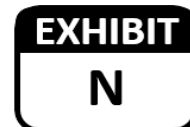

Mark Shepard, Captain, USCG

Capt Shepard

Attached are the two presentations requested in Administrative Order 19-001 on containment solutions that will be presented by Taylor Energy and its proposed contractor on November 8th.

Please reciprocate by providing the USCG contractor presentations that will be presented on November 6th and 7th.

Thanks

Will Pecue
