Subj: MC-20 UNIFIED COMMAND RECORDS INDEX

Dear Mr. Pecue,

In response to your request, enclosed is an index of records associated with the Unified Command response to the MC-20 oil discharge. This index includes a current list of electronic files located within the Sector New Orleans computer network directory for the MC-20 incident. Some of the files within this directory included internal memoranda or correspondence, and other non-Unified Command records, and are not included on this list. Additionally, records on this list have not been individually reviewed for privilege or confidentiality, and may not be subject to review or public release.

I am available should you have any further questions. Please contact me directly or through my Incident Management Chief, CDR Michael Wolfe at michael.d.wolfe@uscg.mil or 504-365-2417.

Sincerely,

A handwritten signature in blue ink that reads "K. M. Luttrell".
