

GENERAL MESSAGE (ICS 213)

1. Incident Name (Optional): MC-20 Taylor Energy Response		
2. To (Name and Position): Capt. Kristi Luttrell, FOSC		
3. From (Name and Position): Will Pecue, IC for RP/TEC		
4. Subject: 2019Q3p_Entry of ICS 213 into the Record	5. Date: 7/16/19	6. Time 0900
<p>7. Message: The June 2019 NOAA report titled "An Integrated Assessment of Oil and Gas Release into the Marine Environment at the Former Taylor Energy MC20 Site" states in Section 2.3.1 "Salinity and temperature profiles were typical for coastal Gulf of Mexico." Additionally, in Section 2.3.2, the report states "Temperature values did not show significant excursions from ambient values..."</p> <p>The attached report, dated July 12, 2019 by Dr Richard Camilli titled "Analysis of MC20 seafloor hydrocarbon plume flow dynamics and thermohaline signatures" addresses the significance of the NOAA findings and the related inconsistencies to support the NOAA oil flux rate attributed to its source determination of one or more leaking wells.</p> <p>The RP requests that this document be made a part of the MC20 Response Record.</p>

Date/Time: _____

ICS 213

General Message

Purpose. The General Message (ICS 213) is used by the incident dispatchers to record incoming messages that cannot be orally transmitted to the intended recipients. The ICS 213 is also used by the Incident Command Post and other incident personnel to transmit messages (e.g., resource order, incident name change, other ICS coordination issues, etc.) to the Incident Communications Center for transmission via radio or telephone to the addressee. This form is used to send any message or notification to incident personnel that requires hard-copy delivery.

Preparation. The ICS 213 may be initiated by incident dispatchers and any other personnel on an incident.

Distribution. Upon completion, the ICS 213 may be delivered to the addressee and/or delivered to the Incident Communication Center for transmission.

Notes:

- The ICS 213 is a three-part form, typically using carbon paper. The sender will complete Part 1 of the form and send Parts 2 and 3 to the recipient. The recipient will complete Part 2 and return Part 3 to the sender.
- A copy of the ICS 213 should be sent to and maintained within the Documentation Unit.
- Contact information for the sender and receiver can be added for communications purposes to confirm resource orders. Refer to 213RR example (Appendix B)

Block Number	Block Title	Instructions
1	Incident Name (Optional)	Enter the name assigned to the incident. This block is optional.
2	To (Name and Position)	Enter the name and position the General Message is intended for. For all individuals, use at least the first initial and last name. For Unified Command, include agency names.
